The reply filed on January 19, 2007 is improper and not fully responsive to the prior Office Action because of the following omission(s) or matter(s):

The amendment filed 1/19/07 has not been entered because it is improper for the reasons detailed below.

The amendment format does not comply with the requirements of 37 CFR 1.121. All claims in the claims listing must be presented using the proper status identifier. However, the status identifiers for each claim are improper. Claims 34-74 were newly added in the amendment of 8/10/05. However, Claims 34-64 and 66-74 are now presented using the improper status identifier "new." Appropriate correction is required. See 37 CFR 1.121(c).

The amendment format does not comply with the requirements of 37 CFR 1.121 because the amended claims do not include markings to show the changes made. Amended claims must include appropriate markings to show the changes that have been made relative to the immediate prior version of the claims. Claim 65 is presented using the status identifier "amended", but there are no markings to show the changes that have been made relative to the immediate prior version of the claims. As a further issue, Claims 46-48 were amended in the amendment 6/21/06, but are now presented using the status identifier "new", with no markings to show the changes that have been made relative to the immediate prior version of the claims. The immediate prior version of the claims is the claim listing filed on 6/21/06. Appropriate correction is required. See 37 CFR 1.121(c).

The amendment format does not comply with the requirements of 37 CFR 1.121 because the claim listing does not commence on a separate sheet of the amendment document. 37 CFR 1.121(c)(1) provides that the claim listing shall commence on a separate sheet of the amendment document and the sheet(s) that contain the text of any part of the claims shall not contain any other part of the amendment. Appropriate correction is required.

As a further issue, the amendment does not respond to all issues noted in the Office Action of 12/21/05. At page 3 of the restriction requirement mailed 12/21/05, it was noted that Claims 46-48 were directed to "the method of Claim 44" though Claim 44 was directed to a composition, not a method. Claims 46-48 were included in Group V under the assumption that they were intended to be directed to the composition. However, a corrective amendment is required to address the issue. Claims 46-48 were

amended in the amendment of 6/21/06, but are now improperly presented in the amendment of 1/19/07. Appropriate correction is required.

Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a). In no case may an applicant extend the period for response beyond the six month statutory period. Direct the response to the undersigned.
